

County Science Fair

- Once a year the County Office of Education hosts a Science Fair for middle school & high school students.
- Visit www.scoe.org for a slide show & information.
- The date of the Fair varies greatly from year to year.
- Any student may work with Mrs. Parker in an elective course called Special Projects. We will create, work on, prepare for, and attend the County Science Fair.
- All students in Life Science, Physical Science, Biology, & Earth Science courses at Valley Oaks do a required Science Fair Project. Those that receive an “A” are expected to go to the County Science Fair.
- Poster boards and materials will be given to students.
- Valley Oaks students have won 1st, 2nd, or 3rd place every year!!! *(Go Mavericks!!!)*
- The top three projects are chosen to compete at the State Science Fair.
