Explore the elements of art, line, shape, value, space, texture and color, while developing your own personal style. Learn how to apply the principles of design.

Experiment with block & calligraphic printmaking, drawing with pencil, charcoal, pen & ink, painting with gouache, watercolor and acrylics, and so much more!

The world has finally begun to realize that people who do art are innovators, problem-solvers and critical-thinkers. Artists have become an indispensable asset in our increasingly visual world. Come exercise your creative thinking skills!
